## Updates/Enhancements

### NuPayments Website

#### 1. NuPayments - DebiCheck Transaction Maintenance Filter Per Debtor Bank

There was an enhancement made on the NuPayments website, whereby the “Debtor Bank” search filter was added to the Maintenance screen. This means that the user can do Maintenance by selecting a specific debtor bank, see Fig 1 – Fig 2. The function is available to all Maintenance Types.

The screenshot shows the 'Maintenance' screen with a progress bar at the top: Search Transactions > Select Transaction > Edit Transactions > Done. Below the progress bar is a 'Selection Criteria' section. The 'Search Type' dropdown menu is open, showing options: Select Search Type, Debtor Account No, Debtor ID No, Debtor Bank (highlighted with a red box), Mandate ID, Contract Reference, Employer Code, Frequency, and Client Reference. There are 'Next' and 'Reset' buttons at the bottom left of the form.
