Updates/Enhancements

NuPayments Website

1. NuPayments - DebiCheck Mandate Maintenance Cancellation Enhancement

There was an enhancement made on the NuPayments website, under the Mandate Maintenance Cancellation report, whereby the user will be able to select mandates using the date selection fields, which are in an Active or Accepted status. The reports only displays mandate that has future pending instalment/s.

2. NuPayments – Rescheduled (RM) maintenance type to move to 1 day

There were 2 fixes made on the NuPayments website regarding Rescheduling Maintenance (RM).

1. The user will be able to do reschedule maintenance on a transaction, for the next day before 12. The 2 day rule does not apply to Reschedule maintenance (RM).
2. The user was previously able to do maintenance without entering a collection date, this has also been fixed and a date is now compulsory.
